

Class name: Astute Class

Year group: Year 6

All about me!

My name is Mrs Waters and I am going to be your Year 6 teacher. While you will already be aware that Year 6 can sometimes be challenging, it is my favourite year at primary. It will be a year full of learning, lasting friendship and, most importantly, amazing memories.

I love teaching because I love learning new things. I particularly love finding out about the past and so history is one of my favourite subjects. I also really enjoy science and have enjoyed doing fun experiments with my previous classes.

When I am not at school, I enjoy spending time with my husband, my children (Sophia, Jack, Charlie and Archie) and our little dog, Baxter. I live by the sea and love lazy beach days with my family and friends.

All about me!

My name is Mrs Rhoden and I am going to be your teaching assistant. I have worked in Year 6 for many years so know how much fun and hard work it can be, but I will be there to help you, every step of the way.

My favourite subjects are PE (where I love playing rounders) and I also enjoy maths.

When I am not at school, I love taking my dog Barney out for walks, spending time with friends and family and cleaning!

I look forward to seeing you in September.

This will be our classroom:

Things we will be learning about next half term:

The Anglo-Saxons

Evolution and inheritance

This is

5
